Director: George Lucas. Writers: George Lucas and (?). Producer: Rick McCallum. Cast: Ewan McGregor, Hayden Christensen, Natalie Portman, and Ian McDiarmid.

Anakin Skywalker (Christensen) becomes Darth Vader, Amidala (Portman) gives birth to Luke and Leia, Obi-Wan Kenobe (McGregor) becomes a hermit on Tatooine, Senator Palpatine (Ian McDiarmid) becomes Emperor, Yoda takes a vacation, and Boba Fett helps the Empire hunt down the last of the Jedi knights.
